

Tailored support
with real-life results

WW for Diabetes

More than 30 million Americans¹ suffer from diabetes, impacting employee health, productivity, and health care costs.

WW Health Solutions offers tailored support for employees with type 2 diabetes with our WW for Diabetes program. It builds on our science-backed weight-loss approach to provide individualized support and guidance.

The benefits of our WW for Diabetes Option add up:

Personalized support for employees with type 2 diabetes, including special dietary and exercise considerations

Unlimited one-on-one coaching from a dedicated, certified diabetes educator

Tailored materials focused on topics specific to diabetes

Plus, all the support and award-winning app features that are already part of WW's Unlimited Workshops + Digital program

Tailor your wellness program

When employees better manage their weight, blood sugar, and well being, your company can benefit by reducing overall health care costs. When you add WW for Diabetes to your WW wellness program, you'll get:

- ✓ **Preferred pricing** for your organization and employees
- ✓ **A dedicated client success manager** to help make your program a success
- ✓ **Online registration** that makes signing up easy for employees
- ✓ **Marketing materials**, promotions, and content to meet your communication
- ✓ **Data analysis** on participation and weight-loss reporting
